

New Residential Accommodation

Northwick Park Residence

Twin's Northwick Park residence is an excellent base for your stay in London. Ideally situated with easy access to the tube, this residence offers en suite, single room accommodation. Each room forms part of a shared flat which shares a kitchen/large dining area. All rooms have been recently redecorated and are furnished and have telephone/internet and aerial sockets (student will need to contact an internet/telephone provider or, alternatively, purchase a dongle). This safe and secure residence provides superior quality student accommodation and is available for short and long stays. The accommodation also offers:

- On-site management office
- Weekly cleaning of shared areas
- Secure bicycle storage
- Laundry
- Communal gardens
- 24-hour emergency repairs service
- On-site security

Located in north west London, neighbouring areas include Harrow and Wembley. It is therefore extremely well positioned for events happening at Wembley Stadium, as well as the numerous bars and restaurants that both areas offer. The residence is also convenient for a large supermarket and a multi screen cinema.

The journey time into central London is approx 20 minutes and this makes the residence particularly suited to internship students that will be commuting to host companies on a daily basis. It is also an easy 50 minute commute to our school.

We would recommend this residence to any student wishing to have easy access to central London and more independence than staying with a host family.

Price - £170.00 inclusive of gas, water and electricity.
